Multi-talented **full stack developer** with over 3 years of experience in **web development**, **mobile development**, and **Tutoring/Mentoring** in the software industry. Demonstrated excellent skills in front-end technologies such as HTML, CSS, JavaScript, Tailwind, Bootstrap, React (for both web and mobile application development), and back-end technologies such as Node, PHP, Laravel, Python and C#, and ASP.Net Core Framework, and databases such as MySQL, SQLServer, MongoDB and PostgreSQL. I am a true team player with strengths in adaptability, collaboration and self motivated.
